

KINDRED SPIRITS

Do kindred spirits exist?

7:1.6 (82.5) Spirit-gravity pull and response [operate] between individuals and groups of individuals. There is a spiritual cohesiveness among the spiritual and spiritized personalities of any world, race, nation, or believing group of individuals. There is a direct attractiveness of a spirit nature between spiritually minded persons of like tastes and longings. The term *kindred spirits* is not wholly a figure of speech.

What is a kindred spirit?

People are often friends with those who they have a lot in common with—people who are the same age, gender, and have similar interests—but there are some people who we feel a special connection with. These “kindred spirits” might be in our circle of friends, or they might be of a completely different generation and spend their time doing completely different things, but we can, nonetheless, feel a connection with them that could be described as “spiritual.”

Why is this important?

Choose your friends wisely and give yourself opportunities to spend time with those who you feel most connected to. Don't assume that your friends will be those who seem like they should be your friends—you can find them in odd places, too. Think about if your friends are satisfying on a spiritual level, not just on a superficial level.
