

THE CREATOR SONS

Does God work alone?

3:0.1 (44.1) GOD is everywhere present; the Universal Father rules the circle of eternity. But he rules in the local universes in the persons of his Paradise Creator Sons....These Creator Sons of God are the personal expression of himself in the sectors of time and to the children of the whirling planets of the evolving universes of space.

What are the Creator Sons?

God rules, but he also delegates. While anyone can approach God through their own prayers, it is helpful for us to have God represented by a personality that is much more like ourselves. We know our Paradise Creator Son by two names: "Jesus" during the time that he spent on Urantia, and "Michael" when he is in his Creator Son form. Michael oversees the development of our section of the universe by managing the operations. He also leads by example—always doing God's will and never acting selfishly. Our planet is fortunate to have seen him up close during his time on Earth.

Why is this important?

This is the beginning of the pattern of personal responsibility for developing the universe, or in our case, the world. God's habit of delegating doesn't stop at the Creator Sons, it extends all the way to you. You can create things that make the world better, and you can live a life that lets others see God through you.
