

SPIRITUAL INFLUENCES

How does God reach us?

8:5.4 (95.7) There are many spiritual influences, and they are all as one. Even the work of the Thought Adjusters, though independent of all other influences, unvaryingly coincides with the spirit ministry of the combined influences of the Infinite Spirit and a local universe Mother Spirit. As these spiritual presences operate in the lives of Urantians, they cannot be segregated. In your minds and upon your souls they function as one spirit, notwithstanding their diverse origins.

What are the spiritual influences?

We can be influenced by God in many different ways. We each have a personal Thought Adjuster within us, who helps us to organize and prioritize our thinking. The Spirit of Truth causes us to yearn for God, and it gets stronger and stronger as we become more spiritual. And the Holy Spirit is found even in animals, beginning with intuition in the less advanced animals, then moving up through understanding, courage, and knowledge; and finally when humans evolve, council, worship and wisdom. These influences are different in function but serve the same purpose of bringing you closer to God.

Why is this important?

It's not easy to raise humanity up from the evolutionary chain. You know what it's like to care more about popularity (pack/tribal social hierarchy) than doing what's right. You've tried to get out of doing chores (energy preservation) rather than carrying your weight around the house. But just as a gardener uses a good fertilizer with the right balance of nitrogen, phosphorus, and potassium, so does God find the right balance of spiritual fertilizer. Unlike a plant, though, we need to be willing to accept what God offers.
